Im Sommer 2016 traf sich der Gitarrist Elliott Sharp einen Tag mit der Gitarristin Mary Halvorson und einen zweiten Tag mit dem Gitarristen Marc Ribot in seinem Aufnahmestudio in Manhattan. Es entstand eine Kollektion von Aufnahmen, wie sie nur gute Freunde zustande bringen. Die grosse Kunst der Gitarre, gespielt von drei New Yorker Gitarristen, die neue Wege suchen und den aktuellen Sound der heutigen Zeit kreieren. Oder wie Elliott Sharp in den Liner Notes schreibt: „Ich höre in Mary Halvorson und Marc Ribots Gitarrenspiel den Schritt in die unbekannte Zukunft und den Reichtum der Vergangenheit. Dieser Widerspruch löst sich in der Improvisation auf, dem transzendierenen Klangweg zum Heute.“

Last summer in Elliott Sharp's recording studio in Manhattan, New York guitarist Sharp spent a day with guitar colleague Mary Halvorson and another with Marc Ribot, legendary guitarist of Tom Waits, The Lounge Lizards and Marianne Faithful. The result was a series of recordings that could only be created by friends. They represent the great art of guitar playing by three exceptional musicians looking for new sonic adventures in search of the sound of our time. "I hear in their playing both a step into an unknown future and wild growth from a deep past," says Elliott Sharp. "The contradiction is resolved in improvisation - the transcendent sonic path of the now."
