James Brandon Lewis is at the top of the international jazz world. He stands in the tradition of saxophonists such as Sonny Rollins, Albert Ayler and John Coltrane. With his powerful, direct and rich tenor saxophone sound and a lyrical quality that unfolds in both his solos and his compositions, he is causing a sensation. *Transfiguration* is the fourth album by the acclaimed James Brandon Lewis Quartet with Aruán Ortiz, Brad Jones and Chad Taylor. The quartet was honored with the German Jazz Award as Band of the Year 2023. John Sharpe writes about the new album *Transfiguration* in the liner notes: "As the band has matured its chemistry has deepened. While it's the melodies which first grab the ear, it's the sublime interplay which sustains the interest in the long term." A pleasure to listen to!

James Brandon Lewis ist an der Spitze der internationalen Jazzwelt. Er steht in der Tradition von Saxofonisten wie Sonny Rollins, Albert Ayler oder John Coltrane. Mit seinem kräftigen, dringlichen und satten Tenorsaxofon-Sound und einer lyrischen Qualität, die sich sowohl in den Solos als auch in seinen Kompositionen entfaltet, sorgt er für Furore. *Transfiguration* ist das vierte Album des gefeierten James Brandon Lewis Quartet mit Aruán Ortiz, Brad Jones und Chad Taylor. Das Quartett wurde mit dem Deutschen Jazzpreis als Band des Jahres 2023 geehrt. Zum neuen Album *Transfiguration* schreibt John Sharpe in den Liner Notes: „Mit der Reifung der Band hat sich auch die Chemie vertieft. Während es die Melodien sind, die zuerst ins Ohr gehen, ist es das erstklassige Zusammenspiel, das das Interesse auf Dauer aufrechterhält.“ Ein Hörgenuss!
